FLOOD RECOVERY BUSINESS RESOURCES FROM THE SONOMA COUNTY ECONOMIC DEVELOPMENT BOARD

Adapted from content on the Sonoma County Economic Development Board website, March 21, 2019

If you are a business owner or employee of a business that has been affected by the Russian River flooding, check the Sonoma County Economic Development Board website for information about your next steps: <http://sonomaedb.org/Business-Assistance/Flood-Recovery-Business-Resources/>

The EDB is actively working with partners to ensure that the community receives disaster-related benefits from the local, state and federal government. Once the information is available it will be posted on the EDB website. Resources listed below include potentially available funding to help rebuild, cover payroll, tax credits and incentives, and help filing claims.

For Affected Businesses and Employees

EDB Business Recovery Guide - The EDB has compiled a comprehensive list of resources for businesses that have been affected by the floods. Print it double sided or add it to your presentations and meetings with customers affected by the floods. It highlights:

- Grants, Loans and Financing
- Workforce resources
- Tax Credit and Property Reassessment Resources
- visit <http://sonomaedb.org/WorkArea/DownloadAsset.aspx?id=2147571311>

Sonoma County Recovers: Official website for all information concerning the Sonoma County floods and recovery. Visit <https://socoemergency.org/home/recover/>

Disaster Declaration for Sonoma County: Disaster declaration details for the California winter storms. Visit <https://www.gov.ca.gov/2019/02/28/five-counties-emergency/>

For Affected Businesses

The EDB provides links to resources for dealing with insurance, property taxes, business taxes, tax credits, financing, relocation/rebuilding, and workforce. There are also resources for employees of affected businesses. If your business has been impacted by the flooding in any way, make contacting the EDB one of your top to-do items. Those of us who were affected by the fires can vouch for the EDB's eagerness to help, and the breadth of their offerings. Please visit their website and find out what is available to you:

PRESIDENT'S MESSAGE

Well it looks like we are having another good year regarding our economy in Sonoma County. I have talked with many contractors and they see at least two more busy years of construction. The rains have slowed the progress, but there are still many homes that have to be rebuilt because of the fires. There is also a big focus to build apartments to help ease the housing shortage in our area.

According to Mark Schniepp, PhD., the Director of the California Economic Forecast in Santa Barbara, our strong economic growth in 2018, which created 347,000 jobs and gave us the lowest unemployment rate in 40 years, will continue into all of 2019. We are now in our 116th month of economic expansion nearing the previous record of 120 set in March of 2001. Because everybody is working and incomes are rising, consumer confidence remained high despite a roller coaster stock market. Dr. Schniepp believes the struggle to find good employees will keep wages and salaries up and will continue to fuel consumer spending. He does not expect any major changes in inflation, interest rates and the housing market.

With our steady growth continuing in our North Bay economy, I see people out spending money on items they want and need. All of us spending money on goods and services will help keep our economic ball rolling. Just remember to "shop local" whenever you can to keep the dollars flowing through our area. You can always visit our website, www.markwest.org, and click on business directory to find a fellow Chamber member who provides the products and services you need.

I'd like to thank Todd Walling and Keller Williams Realty for hosting this month's social. It was a beautiful night and we had good attendance and a great time. The food they prepared was really top notch and was based on the traditional St. Patrick's Day menu of corned beef and cabbage. Todd is a new member and we really appreciate his involvement.

Our next Chamber social will be Hosted by Johnson Pool and Spa at 4731 Old Redwood Hwy., Santa Rosa, on April 11th. Come say hello to another new member and help us give them a Chamber welcome and a thank you for hosting this event. Our socials are always fun, with many opportunities to win money and prizes. Please join us for networking and refreshments and bring a friend.

The annual Rose Parade in Santa Rosa is May 18th. Join us by walking the route while you promote your business to thousands of onlookers. This is a really fun event and a huge promotional opportunity.

Don't forget to sign up early for a booth and save on our yearly trade show extravaganza. The Mark West Area Chamber's Harvest Faire and Business Showcase is hands-down one of the best attended and most fun community events in Sonoma County. It is scheduled for September 26th and will be held again at the Luther Burbank Center for the Arts. This will be our 30th year!

MARCH 14 SOCIAL

Todd Walling Real Estate, Keller Williams Realty, hosted this social with a St. Patty's day atmosphere. Cara D'Arpino, the office receptionist, really went all out to provide the party-like atmosphere and put everyone in the mood. They actually served corned beef, cabbage, and potatoes, prepared by Todd himself and offered wine and spirits. The Chamber social was also an open house at the Keller Williams Round Barn Circle location.

Todd has more than 15 years of real estate industry experience, focusing in Sonoma, Napa and Marin counties. Todd has sold a wide spectrum of homes in a variety of price ranges, and worked with buyers and sellers across the spectrum: with luxury real estate, second homes, first-time buyers, and investors. Before becoming a real estate agent, Todd built a successful appraisal firm that has been in operation since 2002.

To start off the social, a ribbon cutting was held to announce Todd joining our Chamber. He has lived and worked in Larkfield since 2004 and joined the Keller Williams office in 2017. He is now happy to be a part of the Mark West Area Chamber of Commerce. Todd said that Keller Williams has over 1800 agents and is in 29 countries. They have three market centers and 165 agents here in Sonoma County. His goal is to "Sell you and your friends all the houses I can."

Our president, Steve Plamann, introduced Peggy Ball, Marketing Manager for the Santa Rosa Original Certified Farmers Market. The Market is a returning member, and is held every Wednesday and Saturday from 8:30am until 1:00pm, year round, at the Luther Burbank Center for the Arts. The vast majority of the offerings at the Santa Rosa Original Certified Farmers Market come from right here in Sonoma County! What a great way to shop local and support our area farmers!

Bill Boyle, State Farm Insurance, introduced himself. He just became our newest member. He's located at the State Farm office on Brickway, off Airport Boulevard.

Brian Molsberry, of Molsberry Markets, Inc., announced that they will be celebrating 60 years in business on June 7 & 8. They will be celebrating in conjunction with Exchange Bank. We look forward to hearing about any events that might take place around this!

Donors & Winners

Pete Lescure, Lescure Engineers, won the 50/50 drawing and went home with \$80.00

Peggy Ball won the business card drawing, a gift card for Home Run Pizza, donated by our host, Todd Walling.

The Pot of Gold was \$120 and, though two names were drawn, Wikiup Tennis and Swim Club and Leo's Roofing, no one from either business was in attendance. Therefore our host Todd Walling will get a write up about his business in the Lark.

April's mixer will be hosted by Johnson Pool & Spa. I look forward to seeing you all there.

BUSINESS SPOTLIGHT**EXTENDED CHILD CARE: CARING FOR THE FUTURE**

One of the most important parts of participating in a community is planning for the future. If someone were to ask what the most important part of the future is, they would receive a number of different responses. However, one of the most common answers to the question is “children.” If children are given the tools they need to succeed, then both their future and the future of the community are much improved. It is from this belief that Extended Child Care operates, so that children throughout Sonoma County can experience life to the fullest.

Extended Child Care was founded in 1978 for the purpose of providing on-campus care for school-age children, both before and after school. Originally a subsidized organization for families in need, Extended Child Care soon had a shift in thinking that opened the doors to allow for private payment by families, while maintaining subsidized care for those in need. Now, covering the Mark West Union, Windsor Unified, and Wright school districts, Extended

Extended Child Care is committed to assisting each school-age child in obtaining life skills by providing quality year-round learning programs, while supporting families and school districts. Their programs include after-school education, homework time, guided recreational activities, physical activities, and just plain fun!

Child Care has become a mainstay in the community, with current Executive Director Jason Riggs noting that the presence of Extended Child Care can convince parents to enroll their children at one school instead of another, providing both peace of mind for the family, and economic support for a local business.

Since its founding, Extended Child Care has operated very smoothly. Three Executive Directors have operated the business over the years, and current Executive Director Jason Riggs is excited to continue supporting the community and the chamber of commerce that have welcomed Extended Child Care with open arms. Having hosted socials in the past, Jason is excited to help the Mark West Chamber of Commerce at its various events this year, including hosting during the official re-opening of Extended Child Care on the John B. Riebli Elementary School campus.

As with a majority of businesses in the Mark West Springs area and beyond, Extended Child Care suffered loss as a result of the Tubbs fire in 2017. Due to the fires, 51 enrolled children and four members of the Extended Child Care staff lost their homes to the fires, as well as the loss of the company’s buildings on the Riebli campus. However, this tragedy soon gave way to another display of community as groups such as United Way and Redwood Credit Union helped provide Extended Child Care with rebuild assistance and support to the displaced members of the staff and community.

All in all, Extended Child Care has worked tirelessly to provide the community with the care its future generations need. Though the long-term impacts of the Tubbs fire are still unknown, the business stays strong and stands with its community, with Jason saying, “The best part of what we do is seeing a child who doesn’t want to go home after school, and knowing that they’re happy and engaged so that their parents don’t worry. We deeply appreciate the support from the Chamber over the years, and look forward to continuing that partnership.”

NORTH BAY UNEMPLOYMENT MOSTLY CONTINUES AT LOW POINT IN FEBRUARY

Adapted from a story by Austin Murphy on the Northbay Business Journal website, March 22, 2019

California's unemployment rate last month was virtually unchanged from a year ago, according to state figures released Friday.

The joblessness rate was 4.2 percent in February, compared with 4.3 percent the previous February, according to estimates from the California Employment Development Department.

In the North Bay, three counties reported lower unemployment rates than the state's rate: Marin County, 2.5 percent; Napa County, 3.4 percent; and Sonoma County, 3.1 percent. Solano County was barely higher, at 4.4 percent, while rates in Lake and Mendocino counties were significantly higher than the state, at 6.1 percent and 5 percent, respectively.

The U.S. unemployment rate decreased by 0.2 percentage points to 3.8 percent, and the nation's employers added 20,000 nonfarm payroll jobs.

Sonoma County

The unemployment rate in Sonoma County in February decreased from a revised 3.3 percent in January but was above the year-ago estimate of 3.0 percent.

The county added jobs in the mining, logging and construction industry, as well as in financial activities, leisure and hospitality, and government. Fewer jobs were available in trade, transportation and utilities; professional and business services; and educational and health services.

Napa County

The unemployment rate in Napa County in February decreased from a revised 4.0 percent in January and was unchanged from the year-ago estimate of 3.4 percent.

Jobs in the county were added chiefly in leisure and hospitality, government, professional and business services, and trade, transportation and utilities. While other industries remained flat, there was no decline in available jobs.

COFFEY PARK HOME REBUILDING RAMPS UP IN SANTA ROSA

Adapted from a story by Austin Murphy on the Press Democrat website, March 21, 2019

Hillary Court was once a serene and picturesque cul-de-sac, and will be again someday.

But not anytime soon. These days, like most of Santa Rosa’s Coffey Park neighborhood, it is a bustling, boisterous, borderline anarchy of contractors and suppliers, inspectors and utility workers, all doing their best to not inconvenience the handful of residents who’ve already moved back in.

“It’s tough for us in the winter, ‘cause we can’t really work if it’s raining too hard,” said carpenter Dylan Johnson, eating a Clif bar in the bed of a pickup during his Thursday midmorning break. “But now that it’s drying out, it’s going to be nonstop.”

Atmospheric rivers had been replaced, on this day, by sunshine and a steady stream of pickups, cement mixers and heavy equipment up and down Hopper Avenue. With the advent of a new building season, reconstruction in Coffey Park has ramped up to a level unseen since the start of the rebuilding, following the October 2017 Tubbs fire that destroyed 1,422 homes in this working-class community.

A full 70 percent of the burned Coffey Park properties are “either under construction or have reached completion,” said Gabe Osburn, Santa Rosa’s deputy director of development services. And more owners have been issued permits, but not yet begun construction.

“We are definitely running at full throttle out there,” said John Allen of APM Homes.

That wasn’t the case last year. By October 2018, a year after the fire, only 21 houses had been rebuilt and 520 were under construction. Today, 17 months after the disaster, 191 homes in Coffey Park have been completed, while another 689 are under construction.

Jeff Okrepkie, president and founder of neighborhood support group Coffey Strong, expects some 700 rebuilt homes to be occupied by midsummer.

What's YOUR superpower?

Sign up early as space is limited and this is a sell-out event! And we make it easy to participate by providing the basics- included is 6' Table, 2 chairs. This is your annual opportunity to showcase your business to the Windsor community and beyond! We will be advertising with local and regional press, and posting fliers throughout the Windsor area. The event is **FREE and open to the public**. A prize will be awarded to the Best Themed Booth; this year's theme is **"Superheroes"**

Yes! We will donate a raffle prize (Highly Recommended) ___

Sign up early for best booth placement!
